

HEALTH AWARENESS

NEARLY A MILLION AMERICANS HAVE PARKINSON'S DISEASE. THEY'RE ADMITTED TO THE HOSPITAL FIFTY PERCENT MORE OFTEN THAN THEIR PEERS, WHICH CAN BE A PROBLEM. THREE OUT OF FOUR DON'T GET THEIR MEDICATIONS ON TIME IN THE HOSPITAL. TO HELP, THE PARKINSON'S FOUNDATION CREATED A FREE AWARE IN CARE KIT, WITH INFORMATION FOR HOSPITAL STAFF ABOUT MEDICATIONS TO AVOID AND THE IMPORTANCE OF GETTING THE RIGHT MEDICATIONS ON TIME, EVERY TIME. IT'S AVAILABLE AT PARKINSON--DOT--ORG--SLASH--AWARE-IN-CARE AND (800) 4-7-3--4-6-3-6.
