

Buy Samples On-Line To Test Your Taste For Fabric & Wallpaper Color & Pattern

(NAPSA)—Testing a fabric or wallpaper sample in your home before you make a final choice is a must. Interior designer Judy Rigby of Coventry Cottage, Atlanta, GA, points out that along with confirming that the colors and patterns work with your furnishings, you'll get a sense of the ambiance the floral, stripes, plaid or toile will create. "Touch the fabric to see if it is soft and perfect for a bed or slipcover or sturdy and ideal for upholstery," she advises.

Ordering wallpaper and fabric samples from www.waverly.com helps achieve perfect pattern coordination. The design concept here began with samples from the New Traditions collection.

"To streamline your visit to a fabric or decorating store, you can first research and order fabric and wallpaper samples from www.waverly.com," says Pam Maffei-Toolan, Waverly design director. "Waverly is the only company to offer this convenience from a Web site."

You can also call 800-988-7775 to order Waverly samples, whether for wallpaper at \$2 each or fabric, from \$8 to \$12. Shipping is free.
