

# Make Your Season Sparkle

(NAPSA)—A simple way to add seasonal magic and joy is to choose gifts that sparkle.

When making your gift list and checking it twice, consider all that glitters—whether it be ornaments, housewares or fashion jewelry.

**The Annual Edition Ornament has adorned Christmas trees and homes for 20 years.**

---

Given the season, you may want to start with ornaments. For 20 years, Swarovski's Annual Edition Ornament has adorned Christmas trees and homes. This year's modern star design sparkles with exceptional brilliance.

The star-themed Pleasure necklace, made of clear crystals, sparkles just like shooting stars. The Pin-Up necklace is punctuated by gold and clear-colored spheres, bound together by black ribbon, while the Prime Time necklace and bracelet are Art Deco inspired.

In the Crystalline housewares collection, minicrystals lend shine to champagne flutes, wine glasses, vases, photo frames and candle holders.

This holiday collection can help make your season sparkle. These gifts are available at Swarovski boutiques, authorized retailers and at [www.swarovski.com](http://www.swarovski.com).
